

Mark of the Beast II

This topic is highly controversial and not easy to unravel. The devil is more cunning than we know, he has been around for a long time and knows the Bible inside and out. He was the master of chaos in Noah's time. To deceive the world, cunning deceptions are prepared to throw us off guard. That is why we must entertain the options available and the signs we see in the world around us. When it then really happens, we are prepared. This view might not be the right one, but belongs in the realm of possibilities.

Rev 13:15 And he had power to give life unto the image of the beast, that the image of the beast should both speak, and cause that as many as would not worship the image of the beast should be killed.
